

By: Growth Engineering Ltd. | **Last Updated:** 25th June 2019

INTRODUCTION

Growth Engineering Ltd is a company providing learning technology. Personal data is held and processed on employees, suppliers, clients and others to provide these services.

This policy applies to the storage and processing of personal data or sets of personal data in electronic form, including but not limited to databases, electronic mail, spreadsheets, word processor or other documents or where it is held in a paper format structured in a way that allows access to information about individuals.

It sets out how Growth Engineering complies with the General Data Protection Regulation (2019/679) as a Data Processor.

Growth Engineering has a clear objective to be transparent in its use of personal data and to ensure that all employees, suppliers, clients, customers, and other individuals, where we store or process personal data, have their privacy maintained to provide the security and trust expected of our organisation.

DEFINITIONS

- A **“Data subject”** is a reference to any individual who may be a customer, client, prospective customer or client, or anyone who works part-time or full-time for Growth Engineering Ltd. under a contract of employment, whether oral or written, express or implied, and has recognised rights and duties. This includes past employees, temporary employees and independent contractors. This also includes anyone who can be identified, directly or indirectly, by reference to an identifier defined under “Personal Data” in the ‘Definitions’ section of this policy.
- **“Personal data”** is defined as any information (including opinions and intentions) relating to an identified or identifiable natural person. It can reference, but is not limited to, the following identifiers: a name, an identification number, location data, online identifier or one or more factors specific to the physical, physiological, genetic, mental, economic, cultural or social identity of that natural person.
- **“Processing”** of personal data may include “collection, recording, organisation, structuring, storage, adaptation or alteration, retrieval, consultation, use, disclosure by transmission, dissemination or otherwise making available, alignment or combination, restriction, erasure or destruction and any may be by automated or manual means.”
- A **“Client”** is a reference to past, current or prospective Growth Engineering Ltd. clients.

By: Growth Engineering Ltd. | **Last Updated:** 25th June 2019

- A **“Customer”** is a reference to past, current or prospective Growth Engineering Ltd. customers.
- A **“Supplier”**, is a third party vendor, subprocessor company, contractor or organisation that is either a data processor or data controller and in a business relationship with Growth Engineering Ltd.

Business Purposes

Growth Engineering Ltd. uses personal data within the business for personnel, administrative, financial regulatory, payroll and business development purposes, including sales and marketing. Growth Engineering Ltd also process personal information for clients who utilise their learning technology solutions.

SCOPE

This policy is defined by Growth Engineering Ltd being a Data Processor on behalf of the Data Controller as defined in General Data Protection Regulation (2019/679) and applies to all internal employees, third-party suppliers and subprocessors.

Growth Engineering employees are trained and required to be compliant. Third party subprocessors are audited to ensure their systems form the basis of compliance with this policy.

This policy remains current until it is reviewed or reissued. When this occurs, all affected personnel will be made aware before the new policy is adopted.

Who is Responsible for this Policy?

The Growth Engineering Ltd Data Protection Officer (DPO) is Heather Cornish. The Data Protection Officer is responsible for the day-to-day implementation of this policy and remains the individual in charge of data protection within Growth Engineering Ltd.

POLICY & PROCEDURES

Growth Engineering Ltd as a Data Processor

Growth Engineering Ltd, will have a clear and specific agreement with the **Data Controller** to ensure that personal data is kept secure and up to date.

Growth Engineering Ltd agree to:

- Comply with the requirements of the Services Agreement in the provision of services to the **Data Controller**.

By: Growth Engineering Ltd. | **Last Updated:** 25th June 2019

- Process and use the Data only to the extent strictly necessary to perform its obligations or as otherwise provided under the Services Agreement.
- Only disclose the Data to the Data Processor's employees and personnel that have a need to access the Data for the Data Processor's compliance, while the Data Processor shall ensure that all such employees and personnel are bound by a confidentiality agreement.
- Take all reasonable steps to ensure the reliability of all its employees and personnel who have access to the Data.
- Ensure that appropriate controls are in place to prevent the Data Processor's access to special categories of Data, where relevant, except in circumstances expressly authorised by the **Data Controller**.
- Implement, maintain and at all times operate adequate and appropriate technical and organisational measures to;
 - (i) Protect the security, confidentiality, integrity and availability of the Data
 - (ii) Protect against unauthorised or unlawful processing of the Data and against accidental loss, destruction or the making vulnerable of, or damage to, the Data; such measures shall, at a minimum, meet
 - a. the requirements of Data Protection Law;
 - b. the standards required by all applicable accepted industry practices;
- Comply with its obligations under Data Protection Law, and shall take such steps as are requested by the Data Controller to enable the Data Controller to comply with the **Data Controller's** obligations under the Data Protection Law.
- Provide evidence to the Data Controller on request of the technical and organisational measures the Data Processor has taken to comply with its obligations.

DATA TRANSFER

Growth Engineering will not transfer, access or process any personal data outside the EU without the express prior written consent of the **Data Controller**.

By: Growth Engineering Ltd. | **Last Updated:** 25th June 2019

SUBPROCESSORS

Growth Engineering will not subcontract personal data processing without the written permission of the Data Controller.

If written permission is provided, then Growth Engineering will ensure that all third parties engaged to store or process personal data on Growth Engineering's behalf (i.e. Data subprocessors) are aware of and comply with the contents of this policy and the GDPR (2019/679) regulation. Assurance of such compliance is obtained from all subprocessors, whether companies or individuals, prior to granting them access to Personal Data controlled by Growth Engineering Ltd.

BREACH OR COMPLIANCE FAILURE

If Growth Engineering discovers or suspects a compliance failure, security incident, suspected incident or breach, then it will:

- Implement immediate containment of the breach.
- Accurately record the details of the incident.
- Provide an initial assessment of the incident to the Data Controller within 24 hours.
- Provide support to the Data Controller to establish the details surrounding the breach.

RETURNING DATA

Upon the request of the Data Controller or on Termination of the Agreement of Services, Growth Engineering will return or securely destroy any personal data relevant to the Data Controller

PRIVACY BY DESIGN AND DEFAULT

Growth Engineering Ltd encompasses privacy by design as an approach to projects and applications.

INTERNATIONAL DATA TRANSFERS

No data is transferred outside of the EU without it being agreed by the Data Controller and Growth Engineering's Data Protection Officer. It is the responsibility of the Data Controller to ensure that specific consent from the data subject is obtained prior to transferring their data outside the EU.

By: Growth Engineering Ltd. | **Last Updated:** 25th June 2019

CRIMINAL RECORD CHECKS

Where criminal record checks are required and justified by law, they are carried out. Criminal record checks are not undertaken based solely on the consent of the data subject.

DATA PORTABILITY

Upon request, a data subject has the right to receive a copy of their data in a structured format. Where relevant, and where there is no undue burden and it does not compromise the privacy of other individuals, Growth Engineering Ltd will assist the Data Controller in transferring the data directly to another system.

RIGHT TO BE FORGOTTEN

With a formal written request from the Data Controller to the Growth Engineering Data Protection Officer, Growth Engineering Ltd will assist the Data Controller, where relevant, in deleting or removing any personal data requested.

MONITORING

The Growth Engineering Ltd Data Protection Officer has overall responsibility for this Policy and will monitor it regularly to make sure it is being adhered to.
