

# Growth Engineering Authoring Tool

Build Learning That Sticks. Fast.

Stop wrestling with slow tools. Build brain-smart, gamified learning experiences 10x faster than traditional platforms.

## Imagine

Transform expertise into brain-aware blueprints using intuitive templates.

## Create

Use gamified templates and interactive mechanics to build training that delights.

## Publish

Strengthen neural pathways through microlearning and retrieval practice.

## The End of Forgetting

**10x Faster**  
Than traditional tools

**\$174m**  
Saved for clients

**120+**  
Awards and accolades

Certified
